SKILLS

Languages:	C++, Python, C, Java, JavaScript, PHP
Frameworks:	HTML, CSS, Tailwind CSS, Bootstrap, NodeJS, ExpressJS, ReactJS, NextJS
Tools/Platforms:	MongoDB, MySQL, Docker, Git, GitHub, Maven, AWS, Kubernetes, Jenkins, CI/CD, Linux
Soft Skills:	Structured Problem Solving, Algorithmic Thinking Team Collaboration, Adaptability

PROJECTS

QuickPark – Online Parking Space Finder & Booking System GitHub	May' 25
- Developed a dynamic parking space discovery and booking platform enabling users to search available slots, make reservations, and manage bookings in real-time. - Designed and implemented a PHP-based backend with SQL database integration, ensuring secure data storage, efficient booking management, and responsive UI for cross-device accessibility. Tech Stack: PHP, MySQL, HTML, Tailwind CSS, JavaScript	
Wanderlust – Travel Accommodation Platform GitHub	Aug' 25
- Engineered a full-stack MERN travel accommodation platform enabling users to browse, create, edit, and manage property listings, with JWT-based authentication, role-based authorization, and secure image uploads via Cloudinary. - Developed RESTful APIs and optimized MongoDB queries to ensure efficient data handling, scalability, and seamless deployment on Render, improving overall application reliability and performance. Tech Stack: MongoDB, Express.js, Node.js, HTML, CSS, Tailwind CSS, Bootstrap, EJS, Cloudinary.	
EduNexus – Course Management Platform GitHub	Dec' 25
- Built a full-stack MERN course management system allowing instructors to create, manage, and publish courses, upload video lectures, assign coursework, and monitor student enrollments via a centralized dashboard. - Implemented role-based access control (RBAC), secure authentication, and optimized backend APIs, ensuring structured interaction between instructors and students with scalable performance. Tech Stack: MongoDB, Express.js, React.js, Node.js, Tailwind CSS, HTML, CSS, JavaScript	

TRAINING

LPU Skills (Lpu Platform) - Cyber Security Essentials Certificate	Jun' 25 – Jul' 25
- Completed structured summer training in Cybersecurity, gaining knowledge in threat analysis, network security fundamentals, vulnerability assessment, and secure system practices through expert-led sessions. - Earned Golden League Badge (Top 1–3%) on TryHackMe by completing hands-on labs and real-world security challenges, demonstrating strong skills in reconnaissance, basic penetration testing concepts, and practical problem-solving.	

CERTIFICATES

Cloud Computing NPTEL	Apr' 25
Alpha – Data Structure and Algorithm with JAVA Apna College	May' 24
Introduction to Hardware and Operating System IBM, Coursera	Sep' 24
The Bits and Bytes of Computer Networking Google, Coursera	Sep' 24
Delta -Full Stack Web Development Apna College	Dec' 23

EDUCATION

Lovely Professional University Bachelor of Technology Computer Science and Engineering; CGPA: 7.43	Phagwara, Punjab Aug' 23 – Present
Kendriya Vidyalaya Fatehgarh Intermediate PCM; Percentage: 82	Farrukhabad, UP Mar' 21 – May' 22
Kendriya Vidyalaya Fatehgarh Matriculation Percentage: 84	Farrukhabad, UP Mar' 19 – May' 20
